WINSTON INTERNATIONAL LTD.
EST. 1980

At Winston International, we specialize in providing high-quality OEM networking and connectivity solutions, tailored to your exact specifications. Nothing gets us more excited than collaborating with clients to bring their unique product ideas to life. Whether you need custom-built assemblies, specialized kitting, or efficient supply chain solutions, our dedicated team of experts is here to help every step of the way.

### 1-ON-1 DESIGN ASSISTANCE WITH OEM SPECIALIST

Our experienced OEM specialists work closely with you to understand your project requirements and develop the perfect networking solution. From concept to production, we ensure that your custom cable and equipment designs meet industry standards and performance expectations.

### SMALL MINIMUM ORDER QUANTITIES

We cater to businesses of all sizes by offering low minimum order quantities, making it easier to get custom networking solutions without the need for large-scale commitments.

### FAST QUOTE TURNAROUND

Time is critical in any project. That's why we provide quick and accurate quotes, helping you move forward without delays. Expect fast response times and transparent pricing tailored to your specific requirements.

### PROTOTYPE CONSTRUCTION

Test your concept before full production with our rapid prototype services. We build and refine custom cable assemblies and networking components, ensuring they meet your exact performance and durability needs before scaling up.

### FLEXIBLE KITTING CAPABILITIES

Simplify your procurement process with our flexible kitting services. We can bundle cables, connectors, and accessories into pre-configured kits, reducing assembly time and ensuring seamless deployment.

### SUPPLY CHAIN & LOGISITICS SUPPORT

We help optimize your supply chain with reliable sourcing, inventory management, and on-time delivery. Whether you need just-in-time shipping or bulk stocking solutions, we ensure a steady supply of high-quality networking components.
